
basket classes with sally

Basket classes designed with *you* in mind. Basket weaving is an art that will last for a lifetime. Classes are offered for the very beginner to experienced weavers, with a world of basket sizes, types, and materials available. My goal is to share the joy of weaving and teach a craft that is as old as civilization.

Private classes - Basket weaving should be relaxing, but it's not if the classes conflict with your schedule. Give me a call. We can create classes to fit your schedule, gather some friends for a special time together, and weave the basket of your choice at a time of your choice.

What to expect - Weave in a comfortable space with individual attention. Classes include instruction, a pattern to take home, and all weaving materials. Your baskets will be completed during the class - no more incomplete projects! Kits are available for purchase, as well as tools and other basketry materials. Naturally, coffee, tea, and cookies are provided!

Special classes - Do you have some unfinished baskets at home, or some on which you are stuck? Wouldn't it be great to get those completed so you can move onto other things with a clear conscience? Call me to set up a time and we'll get them finished in a supportive, relaxing environment.

Costs - Prices vary depending upon the materials and pattern availability, but range from \$18 to \$60. The fee for assistance in completing a basket or simply enjoying the space for your own weaving project is \$10.

*So many baskets....
....so little time!*
